OUR FOUNDATION

INTRODUCTION

Deep Roots is a share value project from people to people around the Earth with no cost to anyone to learn and graduate from our intelligent education technology solution system. The share value project seeds yesterday's knowledge and experience in today's people to harvest better solutions for tomorrow.

Our intelligent education solution system will take people from offline to online, from centralized to decentralized systems, and generate good quality of life and future solutions for humanity with the intelligent generation.

BACKGROUND

Some of the most innovative people in the world are Steve Jobs, Bill Gates, Elon Musk, and Jack Ma. While these tech giants have transformed the world as we see, the goal is to build a foundation to generate thousands of innovative minds through our intelligent education solution system with equal opportunities for everyone. At **Deep Roots**, we address the needs of many.

For example, we aim to help families struggling to save for children, students looking to finance their college educations, individuals looking for guidance, individuals struggling to generate income, and many more. The share value project is an intelligent education solution system with no cost that will provide opportunities to people for a better, more intelligently connected future.

WHAT IS THE SHARE VALUE PROJECT ?

The Shared Value Project is an online education intelligent technology solution based on artificial intelligence.

"You give a person a fish and feed him for a day. The share value project will teach you how to fish and give you an occupation that will feed you for a lifetime."

SHARE VALUE PROJECT ADVANTAGES

- Online education is the new direction of the future;
- Available to people anytime and anywhere;
- Equal opportunities for a more intelligent education system;
- An intelligent education solution system from people for people with no cost; and Every student graduating from our intelligent education solution system must share knowledge and teach ten students in their same major. This is what we call the Share Value Project.
